Whispers from The Brighter World
A Third Revelation

Tuesday, May 15, 2001 - 8:30 a.m.

The Medium: "Babuji, there is only one thing that will not change: my love for you. You are my light, my reason for living, for enduring this suffering body as well as the separation from beings that are dear to me and so distant from this world.

"You are my secret garden, my permanent blessing, a smile through my tears and peace for my unhappy heart. O Babuji, I love you. To sing your praises gives me an unequalled joy; you delight my soul, taken up and captivated by you. May this song of love never end; such is the grace I am beseeching on this especially painful day.

"Help me, Babuji, help me, I beg you, I cannot take it any more."

y dear daughter, I can hear you, I sympathise with you; we all hear you here. We are watching over you with love and we carry you in our hearts.

"Spare yourself; recover from this testing but necessary day of examinations. Even if humans in general do not understand you, you should know that here we know what you are going through and we sympathise. Advance with peace in your heart, in spite of all these tribulations difficult to live with. Keep in your heart the hope to rejoin us one day on the celestial fields, where you will come and taste a well-deserved rest.

"You have all our blessings, my child. Do not fear to express yourself; do not shy away. Won't you?"
