Whispers from The Brighter World
A Third Revelation

Sunday, May 20, 2001 - 8:00 a.m.

My daughter, you are the receptacle of both our teaching and a subtle energy which you are redistributing. You see that in spite of your ordeals – though not the least – your role is not limited to being 'the pencil', as you define it yourself.

"Without leaving your room, you are working in our service. Each being on this Earth is useful; his keenness to act enables us to use his latent capabilities. They [latent capabilities] sometimes manage to express themselves, at a certain point in his life and in unexpected circumstances. His heart must therefore guide him and urge him not to repress finer feelings that spontaneously well up in him. It is necessary to be able to interpret the signs of destiny and to use them advisedly.

"We will not insist any further today; you must rest.

"Be at peace, advance as much as possible in serenity. We do not lose sight of you, your destiny is being fulfilled and only this matters."
