Whispers from The Brighter World
A Third Revelation

Thursday, July 12, 2001 - 10:00 a.m.

My daughter, your heart sings love – this is a natural state for it. This is the best way to unite with the Divine. Your mind and intellect are sometimes barriers which delay you, if you are not careful. Don't trust them; they can make you your own enemy, a traitor for that matter, who tries to interfere in your noble quest. The strength of your motivation must, sooner or later, overcome these barriers which put a brake on your progress. You can find many examples of this kind of renunciation, or rather shall we say of rebirth, in this area.

"When the time comes, you feel in the depths of your being a call; it is compelling, no barrier can resist it. The power of the divine wave is such that you take a new look at yourself in order to set off again, stronger and more determined to reach the goal. You finally understand; you can see what stands in the way, and quite lucidly you can review your habits and set off again, lighter and freer, on a path cleared of the useless. We keep reverting to the same stumbling blocks; it takes time to lead you to this conclusion. Will you manage it? We are doing everything possible for that; the rest depends on you."
