Whispers from The Brighter World

Tuesday, June 12, 2001 – 7:30 a.m.

Let yourself be lulled by this divine current that soothes your heart. It carries you towards a shore where fear and suffering are banished.

Here all is calm, all is beauty. Plunge into yourself whenever necessary, and let your soul savour these moments, where all sense of time is erased.

Appreciate this unparalleled state, where human turpitudes are abolished.

Draw your strength from it, it gives the best from the heart of your being.

Meditate and be strong, my child. Advance, enlightened by this flame; do not forget that it is there, within you, to reassure you and guide you until the end of your life.

Babuji

The Medium: Oh thank you, Babuji, for soothing my heart in these moments when I am overcome with stress.

I no longer fear anything since you are by my side.
